

## IP Cores License Agreement

This document is an agreement between the purchaser of IP Cores ("BUYER") and Nova Engineering, Inc. ("NOVA"). Your use, as the BUYER, of either the Source Code or the Encrypted Net List (separately and collectively the "SOFTWARE") indicates your acceptance of this license agreement and warranty.

### License Agreement

NOVA retains all rights, title and interest in the SOFTWARE and documentation.

NOVA grants to the BUYER a non-exclusive right to use the SOFTWARE. The SOFTWARE and documentation are protected by United States Copyright and international treaty provisions.

This SOFTWARE is licensed for use by the BUYER only. The BUYER may not (a) make the SOFTWARE available for use by others, (b) lease, rent, loan, sell, or distribute the SOFTWARE to any third party on a temporary or permanent basis, or (c) sub-license, assign, or otherwise transfer the license granted, or the rights under it, without the written permission of Nova Engineering, Inc.

NOVA provides the BUYER with a one (1) year time period of use for Encrypted Net List purchases. Additional licensing periods for the Encrypted Net List are available for purchase from NOVA. NOVA provides the BUYER with an unlimited time period of use for Source Code purchases.

The BUYER agrees that in no event shall NOVA, or its agents, be liable for any indirect, special, consequential or incidental damages whatsoever (including without limitation, damages for loss of business, profits, business interruptions, loss of business information, or other loss) arising out of the use or inability to use the SOFTWARE, even if NOVA has been advised of the possibility of such damages.

## Limited Warranty

NOVA warrants that the SOFTWARE will perform substantially in accordance with the accompanying documentation for a period of thirty (30) days from the date of receipt.

NOVA's entire liability and your exclusive remedy shall be, at NOVA's option, either (a) return of the purchase price, or (b) replacement of the SOFTWARE that does not meet NOVA's Limited Warranty. In either case, you must return the SOFTWARE to NOVA. This policy is applicable to Encrypted Net List sales only; no refunds will be made on purchased Source Code. NOVA strongly recommends the purchase of the Encrypted Net List version prior to the purchase of the Source Code. If after evaluation of the Encrypted Net List version, the Source Code version is purchased within sixty (60) days, a full credit will be applied to the purchase.

Except as expressly set forth above, no other warranties or conditions, either expressed or implied, are made by NOVA with respect to the SOFTWARE and the documentation, including, but not limited to, the implied warranties or conditions of merchantability and fitness for a particular purpose, and NOVA expressly disclaims all warranties and conditions not stated herein. NOVA does not warrant that the functions contained in the SOFTWARE will meet your requirements, be error free, or that all defects in the SOFTWARE will be corrected.
